Using specific examples, please identify the causes you have advocated for and the ways you have helped advance LGBTQ+ rights or otherwise helped foster a community of inclusivity for LGBTQ+ individuals and families. \*

I chaired my sorority's Transgender and Non-Binary Committee, where we created a policy that now allows individuals who are transgender women and/or identifies as Non-Binary to become members of our organization. I am part of the DEIB Committee for the Association of Junior Leagues International, where we have created a Gender Identity Policy, as well as a Diversity Values Statement for the entire organization. When I am part of an organization, I believe it is my role to ensure that I advocate for LGBTQ+ rights because I have the honor to be at the table to make change. ....

Have you previously supported LGBTQ+ candidates for office? If yes, did that include financial support? \*

Yes and yes

Which LGBTQ+ organizations and elected officials have formally endorsed you for this race? \*

None yet, I just started my campaign. I officially filed today and my nomination papers were accepted by the Alameda Count Elections Department

Please describe a policy/goal that is part of your formal platform that benefits the LGBTQ+ community? \*

I am running on the 3 C's - Change, Compassion, and Community. These 3 C's are about benefiting the whole community, including those who identity within the LGBTQ+ community. I believe it is important to build a community that has compassion for one another. Our society has lost that aspect of respect for one another.

What makes you uniquely qualified for the office and how are you different or unique from the other candidates in your race? \*

I have a background in politics, policy, psychology and public administration. I have experience both in the public and private sector, as I have worked as a political aide, as well as a member of a small business. Besides my work experiences, I have experience in non-profit, governmental, and private board work. I think that what makes me unique from the other candidates in my race, is my background and the unique perspectives that I bring to the table.
